ANSI B16.47 Gasket Specification

Please fill out the appropriate sections of the following form in order for APS to manufacture your gasket correctly.

NOTE: Please fill out Section A-D plus Section F and G. Only fill out Section E if shoulder bolts are used. Please provide the Flange or Valve ID in Section C.

Form with sections: SECTION A What is the series?, SECTION B What is the class?, SECTION C Type of Flanges, SECTION D What is the size?, SECTION E If shoulder bolts are used, what is the diameter of the shoulder?, SECTION F Select Type of Gasket, SECTION G Type of Material Needed. Includes checkboxes for material types like Phenolic, Nitrile, Viton, PTFE, EPDM, and diagrams for Gasket Type F and Type E.
